Outreach Initiatives

Establishment of an internship program designed to assist members of the community to acquire skills needed for broadcast employment: ongoing

KHTS has a robust internship program running throughout the year. The program is established for credit with our local public high schools and colleges. KHTS interviews applicants who must meet our criteria.

We select students from the William S. Hart School District (Santa Clarita, CA), College of the Canyons (Santa Clarita, CA) and Masters College (Santa Clarita, CA), and Cal State Northridge.

We have four separate internship programs; broadcast news, web writing, graphic artist, and search engine optimization/web creation & design.

We work directly with the school's internship programs as well as the department heads for each appropriate area of interest.

We currently have 14 interns participating in our summer program. We usually have 4 or 5 interns participating during each term of the school year.
